

DIWA GLOBAL[®]

THE DIWA GLOBAL PROMISE

Packaging should serve food - not harm the planet!

Diwa Global delivers 100% biodegradable food packaging designed for a circular economy, where waste becomes a resource and sustainability is built into every meal served.

Made from bagasse, a renewable sugarcane by-product, our packaging transforms agricultural waste into durable, food-safe solutions for everyday use. By switching from plastic to bagasse, you actively reduce long-term pollution, protect ecosystems, and move towards a cleaner, more responsible future.

Built for food businesses with conscious choices

From takeaway counters to large-scale deliveries, Diwa Global offers one of the best available sustainable packaging solutions—designed to be:

- Strong & Tamper-proof
- Superior Anti-leak & Anti-grease properties
- Heat-friendly & food-safe
- Composts in about 100 Days

With Diwa Global, sustainability doesn't mean compromise. It means better choices, better branding, and a better future.
